"DEVICE FOR CONVERTING THE MAIN
SUPPLY VOLTAGE INTO A LOWER
VOLTAGE"

I, Nilsa Zapata, hereby certify that this correspondence is
being deposited with the US Postal Service as first class mail
in an envelope addressed to Assistant Commissioner for
Patents, Washington, D.C. 20231, on the date of my
signature.

AMENDMENT

Assistant Commissioner for Patents
Washington, DC 20231

Sir:

This communication is in response to the Office action mailed October 24, 2001.
Please amend the application as follows.

IN THE TITLE:

Change the title of the application to "DEVICE FOR CONVERTING THE MAIN
SUPPLY VOLTAGE INTO A LOWER VOLTAGE".

IN THE SPECIFICATION:

On page 1, delete the first paragraph and replace it with:

--
The invention relates to a device that transforms main supply voltage (generally 230
volts) into low voltage (generally a so-called "safety low voltage") and that consists of a first
connector to be plugged into the main supply socket, a second connector to be plugged into a
consumer, i.e., any electronic device such as, for example, a consumer electronic device, and
an electronic circuit for the voltage transformation which is between those two connectors.
--
